

# Fire Hydrant Relocation Notice

## Anderson Avenue Sidewalk Project

### Work to Begin Week of Nov. 7

#### Project

**Description:** In preparation for construction of a new sidewalk next spring, the City contractor will relocate one fire hydrant on Anderson Avenue. This project will comply with Americans with Disabilities Act (ADA) accessibility standards. As part of the sidewalk construction phase of the project next spring, most residential driveways will be reconstructed to meet ADA requirements. During construction, landscaping and other elements within the public right-of-way may be disturbed.

**Purpose:** To enhance pedestrian accessibility, safety and mobility within the West End neighborhood.

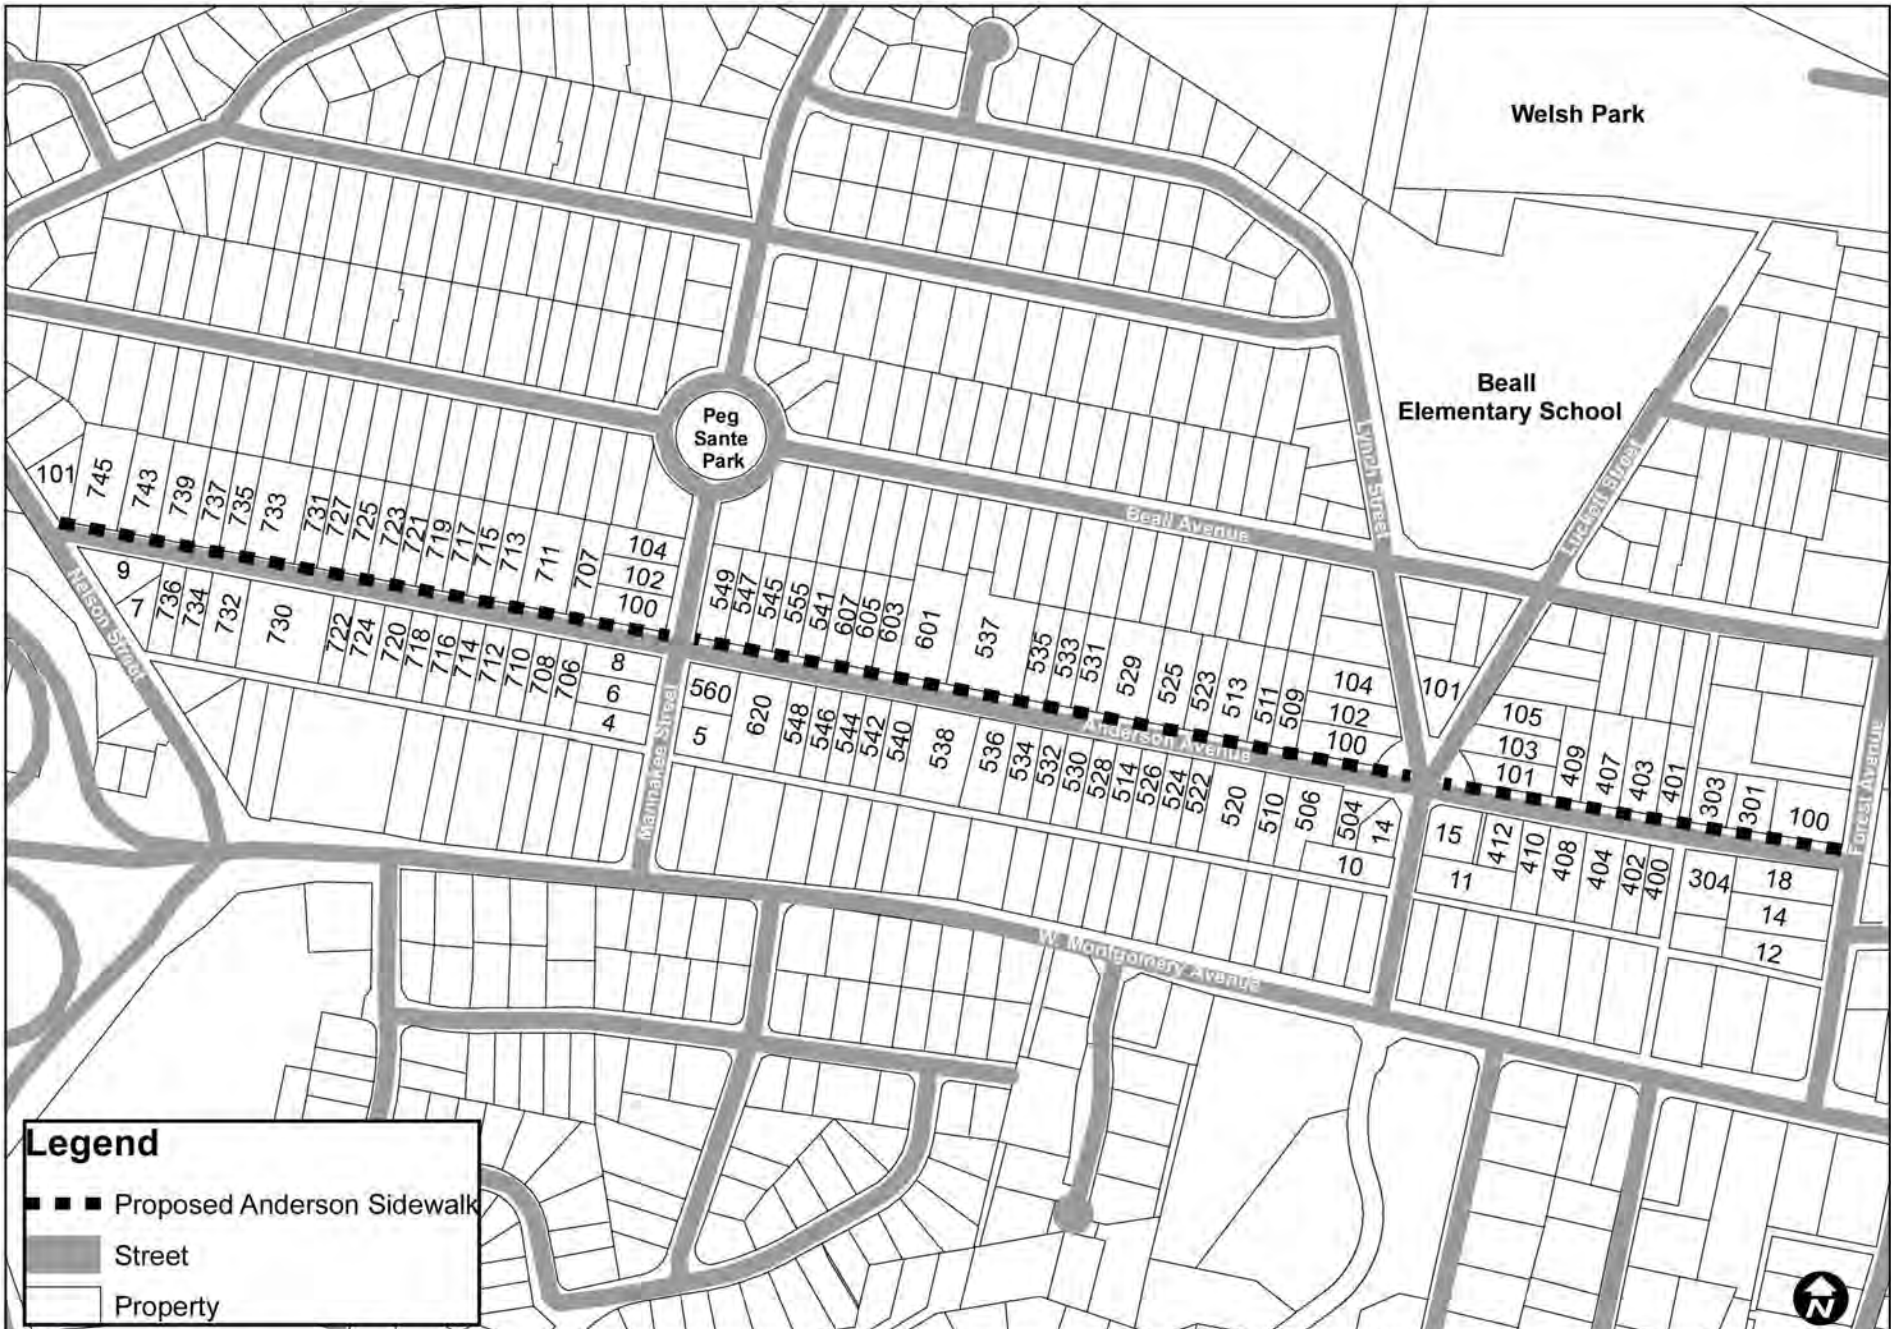

**Location:** The north side of Anderson Avenue between Nelson Street and Forest Avenue (see attached map).

**Timeline:** The week of Monday, Nov. 7. Due to the expected onset of inclement weather, construction of the Anderson Avenue sidewalk will be scheduled to begin next spring. City staff will send notifications to all homeowners at least two weeks prior to the start of construction.

**Contact:** Matthew Folden, City of Rockville Project Manager,
