AGENDA

Charles Littlefield, Chair

Anne Goodman          Don Hadley
Sarah Miller            Suzan Pitman
John Tyner, II         Rev. Jane E. Wood

Jim Wasilak, Staff Liaison
Nicholas Dumais, Assistant City Attorney

Rockville City Hall will be closed until further notice due to the recent state directives for slowing down the spread of the coronavirus COVID-19 and social distancing.

The Planning Commission is not conducting meetings in person. If you wish to submit comments in writing for an agenda item, please email them to planning.commission@rockvillemd.gov by 2:00 p.m. on the day of the meeting.

All comments will be acknowledged by the Planning Commission at the meeting.

1. Review and Approval
   
   A. Presentation, Discussion and Approval of the 2019 Planning Commission Annual Report

2. Commission Items
   
   A. Staff Liaison Report

   B. Old Business

   C. New Business
D. FYI/Correspondence

3. Adjourn
HELPFUL INFORMATION FOR STAKEHOLDERS AND APPLICANTS

I. GENERAL ORDER OF SESSION FOR DEVELOPMENT APPLICATIONS
   1. Staff presentation
   2. City Board or Commission comment
   3. Applicant presentation (10 min.)
   4. Public comment (3 min, or 5 min for the representative of an association)
   5. Planning Commission Discussion and Deliberation
   6. Decision or recommendation by vote

   The Commission may ask questions of any party at any time during the proceedings.

II. PLANNING COMMISSION BROADCAST
   • Watch LIVE on Comcast Cable Rockville Channel 11 and online at: www.rockvillemd.gov
   • Replay on Comcast Cable Channel 11:
     o Wednesdays at 7:00 pm (if no live meeting)
     o Sundays at 7:00 pm
     o Mondays, Thursdays and Saturdays at 1:00 pm
     o Saturdays and Sundays at 12:00 am (midnight)
   • Video on Demand (within 48 hours of meeting) at: www.rockvillemd.gov/VideoOnDemand.

III. NEW DEVELOPMENT APPLICATIONS
   • For a complete list of all applications on file, visit: www.rockvillemd.gov/DevelopmentWatch.

VI. ADDITIONAL INFORMATION RESOURCES
   • Additional resources are available to anyone who would like more information about the planning and development review process on the City's web site at:
     www.rockvillemd.gov/cpds.

Maryland law and the Planning Commission's Rules of Procedure regarding ex parte (extra-record) communications require all discussion, review, and consideration of the Commission's business take place only during the Commission's consideration of the item at a scheduled meeting. Telephone calls and meetings with Commission members in advance of the meeting are not permitted. Written communications will be directed to appropriate staff members for response and included in briefing materials for all members of the Commission.
SUBJECT: Presentation, Discussion and Approval of the 2019 Planning Commission Annual Report

RECOMMENDATION
(Include change in law or Policy if appropriate in this section):
Receive a staff presentation on the 2019 Planning Commission Annual Report and approve its submission to the Maryland State Department of Planning.
The State of Maryland Land Use Article requires local jurisdictions to submit an annual report to the Maryland Department of Planning, covering the previous calendar year of activity by the Planning Commission.

This year’s Annual Report also includes a report on the City’s Adequate Public Facilities Ordinance (APFO) and Standards (APFS) but does not include a 5-year Mid-Cycle Planning Implementation and Development Process Report, which was submitted as part of the 2017 report. The requirement for a biennial APFO report was introduced in 2011; however, the Commission provides this information each year, covering significant actions and restrictions that occurred with respect to the APFO and APFS during each reporting year.

Summary of 2019 Planning Commission Actions
The 2019 Annual Report describes actions taken by the Planning Commission from development applications to zoning text amendments. Several development applications were
reviewed and approved by the Planning Commission in 2019 and are described and mapped in the full Annual Report. These applications were generally located along the city’s commercial and transit corridors as significant residential or mixed-use projects on vacant and urban infill sites.

Long Range Planning initiatives described in the Annual Report include the city’s progress with the Rockville 2040 Comprehensive Plan update. The Planning Commission also a Comprehensive Master Plan Amendment that originated in the Stonestreet Corridor Study that will begin the transformation of that corridor to a mixed-use environment.

The Annual Report also details modifications to the city’s Adequate Public Facilities Ordinance and Standards in 2019 that affect development capacity and provision of public services in Rockville.

Finally, the anticipated workplan for the Planning Commission in 2020 is described as a conclusion to the Annual Report, highlighting the work staff expects the Planning Commission to accomplish by the end of the calendar year.

Staff Recommendation:
Staff recommends that the Planning Commission approve the 2019 Annual Report for submission to the Maryland Department of Planning. It is customary for the chair to present the approved Annual Report to the Mayor and Council.

Maryland Department of Planning
301 W. Preston Street, Suite 1101
Baltimore, Maryland 21201-2305
Attn: David Dahlstrom, AICP

Re: City of Rockville Planning Commission Annual Report for 2019

Dear Mr. Dahlstrom,

We are pleased to submit to you the 2019 Planning Commission Annual Report for the City of Rockville, prepared pursuant to section §1-207(b) of the Land Use Article of the Annotated Code of Maryland. It was discussed and approved by the Planning Commission on July 8, 2020 and thereafter filed with the local legislative body, the Mayor and Council of Rockville. In addition to the attached annual report, responses to the annual report short form for municipalities are included below:

1. Number of new Residential Permits Issued inside the Priority Funding Area (PFA):

<table>
<thead>
<tr>
<th>Residential – Calendar Year 2019</th>
<th>PFA</th>
<th>Non - PFA</th>
<th>Total</th>
</tr>
</thead>
<tbody>
<tr>
<td># New Residential Permits Issued</td>
<td>90</td>
<td>0</td>
<td>90</td>
</tr>
</tbody>
</table>

2. Is your jurisdiction scheduled to complete and submit to Planning a 5-Year Mid-Cycle comprehensive plan implementation review report this year, as required under §1-207(c)(6) of the Land Use Article? If yes, please submit the 5-Year Report as an attachment.

Y □ □ N ☒

3. Were there any growth related changes, including Land Use Changes, Annexations, Zoning Ordinance Changes, Rezonings, New Schools, Changes in Water or Sewer Service Area, etc., pursuant to §1-207(c)(1) of the Land Use Article? If yes, please list or map.

Y ☒ N □

The attached annual report includes all development-related actions taken by the Planning Commission in 2019. The following are the growth-related actions included in the report:

- The Mayor and Council adopted modifications to the City’s Adequate Public Facilities Standards (APFS) to allow for a waiver of school capacity standards for certain development projects known as “Champion Projects.” Champion projects by definition are located in close proximity to a WMATA Metro station, and implement Master Plan recommendations for high density development to be constructed over an extended period. The Mayor and Council applied this waiver to the Twinbrook Quarter project, which was approved in April 2019 and allows for up to 1,865 multifamily units, retail, office and hotel use at the Twinbrook Metro station.
4. Did your jurisdiction identify any recommendations for improving the planning and development process within the jurisdiction? If yes, please list.  

   Y ☒ N ☐

   Rockville has continued to implement the recommended changes to the City’s development review process, known as FAST (Faster, Accountable, Smarter, and Transparent). Rockville’s Mayor and Council approved the project charter on October 29, 2018. The Charter includes a series of action items for which a staff team will make recommendations on implementation. These include providing a “one stop” customer service center; publishing and enforcing reliable review schedules; and clarifying, streamlining and eliminating various aspects of the development review process. The FAST team has implemented several of the short-term recommendations during 2019, with additional changes, including code changes, to be implemented during 2020 and 2021.

5. Are there any issues that Planning can assist you with in 2020? If yes, please list.  

   Y ☒ N ☐

   Provide guidance on local government compliance with state regulations, both through online publications and with individual jurisdictions.

6. Have all members of the Planning Commission and Board of Appeals completed an educational training course as required under §1-206(a)(2) of the Land Use Article?  

   Y ☒ N ☐

   Please feel free to contact me at 240-314-8211 or jwasilak@rockvillemd.gov if you have any questions.

   Regards,

   R. James Wasilak, AICP

CITY OF ROCKVILLE PLANNING COMMISSION

ANNUAL REPORT 2019

INTRODUCTION

The Annual Report of the Planning Commission is the document by which the Commission reviews its performance during the preceding year, with focus on its zoning and development activities during that period and the major planning projects and issues considered by the Commission. The Report is submitted to the Maryland Department of Planning in compliance with the State's Land Use Article annual reporting requirements for local jurisdictions.

This year's Annual Report also includes a report on the City's Adequate Public Facilities Ordinance (APFO) and Standards (APFS) but not a 5-year Mid-Cycle Planning Implementation and Development Process Report, which was submitted with the 2017 Annual Report. The requirement for a biennial APFO report was introduced in 2011, yet the Commission provides this information each year, covering significant actions and restrictions that occurred with respect to the APFO and APFS during each reporting year.

The Smart Growth Goals, Measures and Indicators and Implementation of Planning Visions legislation (Senate Bill 276 and House Bill 295 [SB276/HB295]) requires jurisdictions that issue 50 or more building permits per year to report specified smart growth measures and indicators. The City of Rockville issued twenty-two (90) residential building permits in 2019, including 16 single family detached permits and 74 single family attached permits, and is therefore required to report on these measures.

SB276/HB295 also requires jurisdictions to establish a land use goal aimed at increasing the percentage of growth within their Priority Funding Area (PFA) and decreasing the percentage of growth outside their PFA. However, like all municipalities in the State, all land within the city limits is within the PFA and the City is therefore not required to establish a local land use goal.

Each of the City’s land use initiatives in 2019 worked towards implementing the State Visions for sustainable communities that protects the natural environment, directs growth, maintains and improves infrastructure and involves citizens in all stages of the process.

PLANNING IN ROCKVILLE

The City of Rockville had a population of 61,209 in 2010 (US Census Bureau, Decennial Census), and an estimated 68,079 residents in 2019 (US Census Bureau, 2019 Population Estimates), making Rockville the third largest incorporated municipality in Maryland, behind the cities of Baltimore and Frederick. Rockville is about seven miles north of Washington, D.C. and is served by a transportation system that includes one interstate highway (I-270), two Metrorail stations within the City boundaries (Twinbrook and Rockville) and one just outside (Shady Grove), four state highways (Routes 355, 28, 586 and 189), a MARC and AMTRAK rail station (Rockville), in addition to local (RideOn) and regional (WMATA) bus service.
Rockville serves as the county seat for Montgomery County. The County Council and County Executive Offices are across the street from Rockville City Hall, as are the Circuit Court for Montgomery County and the District Court of Maryland.

The City of Rockville functions as an independent municipality, supplying many services for its citizens. The City controls its own planning and zoning authority, water and sewer services (serving much of the City, with WSSC serving some areas), police and public works departments, and recreation programs and facilities. The Montgomery County government provides services to Rockville residents for public schools, fire protection, local circuit court, additional police protection, transportation, health and other services.

**Municipal Authority**

The authority to plan for the City’s development and to enact and enforce laws relating to land planning and zoning is derived from the Land Use Article of the Annotated Code of Maryland.

Land use planning in Rockville is the responsibility of four official bodies: The Mayor and Council, Planning Commission, Board of Appeals, and Historic District Commission. The Mayor and Council adopts the Master Plan (Plan), enacts legislation to ensure compliance with the Plan, adopts amendments to the Zoning Ordinance and the Zoning Map, and funds capital improvements necessary to implement the Plan. The Board of Appeals considers applications for Special Exception uses, Variances from the Zoning Ordinance requirements and Appeals from administrative decisions related to planning and zoning.

The City’s Zoning Ordinance, along with the State Land Use Article, states the powers and duties of the Historic District Commission (HDC). They include identifying and recommending properties deemed eligible for historic designation, reviewing and acting on applications for Certificates of Approval for work within designated historic districts, and providing courtesy review to the Planning Commission and Mayor and Council for projects within or adjacent to historic districts.

In 2019, the Mayor and Council adopted a Zoning Text Amendment to the City’s sign regulations in order to provide more flexibility and stimulate creativity in sign design. In addition, the text amendment eliminated the Sign Review Board, which was comprised of three members and one alternate for the purpose of reviewing applications for modifications from sign regulations where applicable. Per the revised regulations, such deviations may be reviewed by staff.

**Planning Commission**

The Planning Commission is the only one of the four official bodies with direct land use authority that is involved in all phases of the planning process. It has specific duties, such as the Approving Authority for subdivisions and site plans, as well as advisory responsibilities to the Mayor and Council and Board of Appeals.

The Planning Commission is made up of seven members with staggered five-year terms. Members are nominated by the Mayor and approved by the full body of the Mayor and Council. The Commission elects a Chairperson from its membership each year. The Planning Commission typically meets twice a month, on the second and fourth Wednesdays starting at 7:00 p.m., in the Mayor and Council Chambers of Rockville City Hall. All meetings are televised and streamed live online and available online via “on-
demand” the following day through the City’s website. All agendas and supporting documentation are posted on the website one week before each meeting.

Certain powers and duties of the Planning Commission are mandated by the State Land Use Article. The Commission is required to prepare a plan for the physical development of the City (Plan, also called Master Plan or Comprehensive Master Plan), which is recommended to the Mayor and Council for approval, including with modifications. The Commission also makes recommendations concerning public structures, improvements and land acquisition necessary for the execution of the Plan; recommends district boundaries for comprehensive zone classification of land; approves all subdivision of land; and consults with and advises public officials, agencies, civic, educational, professional and other organizations and citizens with respect to the protection or execution of the Plan.

Certain duties of the Planning Commission stem from its function as the originator of the Plan. The Commission reviews site plans for all proposed development, except for single-family or semi-detached residential development, for compliance with applicable regulations. For most other projects, the Commission approves a site plan, and subdivision plat if necessary, as prerequisites to the issuance of a Building Permit for construction. Applications filed pursuant to Mandatory Referral by public entities are also reviewed by the Commission.

Applications for Project Plan applications, Map Amendments, Text Amendments, Annexations, and other City policy statements are forwarded to the Mayor and Council with the Commission’s recommendations. Similarly, the Commission reviews all applications for special exception uses for compliance with the Master Plan, and makes appropriate recommendations to the Board of Appeals. The Commission reviews sectional map amendments to designate historic districts and makes recommendations to the Mayor and Council for consistency with the Master Plan. Finally, the Commission must file an Annual Report on its activities with the Mayor and Council and the Maryland Secretary of Planning. This report fulfills that requirement.

PLANNING COMMISSION ACTIVITIES IN 2019

Zoning Ordinance and Map Changes

The City adopted a new Zoning Ordinance on December 15, 2008 with an effective date of March 16, 2009. A new Development Review Procedures Manual was published in July 2009, followed by further updates in 2011, based on recommendations by a city Communications Task Force in 2010, and 2013. The city has since adopted several text and map amendments to clarify issues such as nonconforming uses, signs and the development review process.

In 2019, the Planning Commission did not review any applications for a Zoning Map Amendment (MAP), but several Zoning Text Amendments (TXT) were considered by the Planning Commission in 2019. One proposed modifications to the development standards for accessory buildings in residential zones to provide more flexibility in the height and area requirements for these structures. A second text

---

1 An amendment to Maryland’s Land Use Article was enacted in 2015 which specifically allows the governing body to make modifications to recommended plans prior to adoption. The governing body may also approve, remand or disapprove the plan.
amendment proposed an extensive recodification of the City’s sign regulations to provide more flexibility and address constitutional issues raised in recent Supreme Court rulings. A third text amendment proposed new regulations for the installation of small cell antennas on private property in accordance with the Federal Communications Commission (FCC) order issued in late 2018. A fourth text amendment proposed modifications to the permitted uses in the MXE (Mixed-Use Employment) Zone, and the last text amendment provided clarification to the Adequate Public Facilities chapter regarding sewer and water service. The Commission recommended approval of each of these, with modifications, to the Mayor and Council. To date, the text amendments for small cell antennas and accessory buildings have not been adopted by the Mayor and Council.

**Development Review Activities**

Changes in development patterns in the City of Rockville, whether originating in the public or private sector, require the approval of one or more types of development applications. A review of all such applications acted on in 2019 provides a snapshot of future changes in use of land within the city for that year. The approved development changes are consistent with all components of the adopted Comprehensive Master Plan, neighborhood plans, Zoning Ordinance regulations, and related City requirements.

Several subdivision plats were approved by the Rockville Planning Commission in 2019. These included plats created buildable lots for projects previously approved or for future development, but did not authorize future development.

Site Plan approvals by the Planning Commission in 2019 were limited, and included a new self-storage building and site improvements in a predominantly retail and service industrial property along East Gude Drive, which represents new investment in this center, as well as an addition to an existing place of worship.

While these projects give some indication of the diversity of Rockville’s current development trends, a better indicator was the consideration of Project Plan applications, which are for larger development projects and are approved by the Mayor and Council. A major redevelopment project was under review during 2019, known as Twinbrook Quarter, an 18-acre project proposing up to 1,865 multifamily dwelling units, as well as office and retail at the Twinbrook Metro Station. This project represents a new development pattern and density for the area, in accordance with the 2016 Rockville Pike Master Plan. In addition, the project at 900 Rockville Pike, a small retail project was reviewed to allow for a new development plan to allow reconfiguration to a retail and office project.

A list of all the Planning Commission actions in 2019, including those mentioned above, appears on pages 12-15, with a map on page 16 locating each property that was the subject of an action.

**Comprehensive Plan Development and Implementation**

The City of Rockville Comprehensive Master Plan (CMP) was last adopted in November 2002. Amendments to the CMP have been made since then as follows:

Comprehensive Master Plan (CMP) Update Initiative:

The Comprehensive Master Plan was reviewed in 2008-09 with the results conveyed to the State in October 2009. The review recommended that the Plan be revised using a two-part process with the first part being completion and adoption of the Municipal Growth Element (2010), Water Resources Element (2010), Heritage Area amendment (2013), and the Rockville Pike Plan (2016). Phase two involves a rewrite of the remaining portions of the Plan and is currently ongoing. The staff draft of the Master Plan policy document was developed during 2018 and provided to the Planning Commission in December of that year. Worksessions to approve a Planning Commission draft for public hearing began in January 2019, resulting in the planning commission public hearing draft. Planning Commission public hearings were held in May and June 2019. A series of worksessions were held on the policy document in the summer and fall 2019 to address issues raised in the public hearings. The next step in the plan development process is for the Commission to develop plan recommendations for the City’s planning areas, which has been ongoing through the winter and spring of 2020, with public hearings expected in September 2020.

Stonestreet Corridor Implementation

The recommendations of the Stonestreet Corridor Study for a portion of the study area, comprised of properties owned by Montgomery County Public Schools (MCPS) and Montgomery County were incorporated into a Comprehensive Master Plan amendment in 2018. The Plan Amendment recommended land use changes, including mixed use on a portion, and a mix of residential unit types on property adjacent to the single-family neighborhoods. An additional plan amendment resulting from the corridor study was initiated in 2019 for the properties near the Rockville Metro station. The plan amendment recommends additional residential density on the form of townhouses, duplexes and quadplexes in an area currently zoned for single family homes.

DEVELOPMENT ACTIVITY IN 2018

Several major mixed-use and commercial developments were under construction in 2019, including major mixed use development in Rockville Town Center and development of the residential component at Tower Oaks.

Sixteen new single-family detached homes were completed in 2019, several of which replaced existing homes in established neighborhoods rather than being built as new homes on vacant lots, although several were within the Tower Oaks community. A total of 74 townhouse permits were issued within Tower Oaks and the King Farm.
DEVELOPMENT CAPACITY ANALYSIS

The City of Rockville participates in the Metropolitan Washington Council of Governments (MWCoG) growth forecasting process and has used the projections derived through that process in lieu of conducting a separate Development Capacity Analysis. All of the projections are based upon the current municipal boundaries and are therefore all located within a Priority Funding Area. The City participated in the MWCoG Round 9.1 process in 2017. Round 9.1 projected the following for the year 2045:

<table>
<thead>
<tr>

</tr>
</thead>
<tbody>
<tr>
<td><strong>2020</strong></td>
</tr>
<tr>
<td>Population</td>
</tr>
<tr>
<td>Households</td>
</tr>
<tr>
<td>Jobs</td>
</tr>
</tbody>
</table>

ADEQUATE PUBLIC FACILITIES ORDINANCE (APFO)

As part of the Mayor and Council's initiative for improved mobility and public services, the City has adopted an Adequate Public Facilities Ordinance (APFO) and Adequate Public Facilities Standards (APFS) to establish minimum standards for public facilities and services such as transportation (roads, transit, pedestrian facilities, bicycle facilities), schools, water, and sewer. New developments are required to perform studies to evaluate their impact on public facilities and mitigate unacceptable impacts prior to approval. The ordinance was first adopted November 1, 2005. The City’s APFO can be found in Article 20 of the Rockville Zoning Ordinance. In early 2019, the Mayor and Council adopted modifications to the APFS to allow for a waiver of the school capacity standards for certain “Champion” projects. This resulted from a working group to look at school capacity concerns.

Comprehensive Transportation Review

The transportation test of the City’s APFO is the Comprehensive Transportation Review (CTR). The CTR evaluates the overall transportation system from a multimodal perspective. Transportation goals from the Master Plan form the basis for the methodology, standards and impact thresholds outlined in the CTR requirements. Each development application that generates more than 30 vehicle trips is required to include a Transportation Report that analyzes all components, including vehicle trip generation and distribution, intersection capacity analysis, and on-site transportation analysis and proposed mitigation of impacts on roads, bicycle and pedestrian facilities and transit systems. It is anticipated that the standards of the CTR may be modified as a result of the updated Master Plan for the City.

School Capacity Standards

The Montgomery County Council adopted a new Subdivision Staging Policy (SSP) in 2016, which became effective on January 1, 2017. The new SSP is more aligned with the city’s school capacity standard regarding the assessment of school capacity by applying the test to individual schools rather than an overall high school cluster. As part of this individual school test, the point at which a school goes into
moratorium is a combination of exceeding the program capacity by 120% and exceeding a specified seat count. The seat deficit is 110 seats at the elementary level and 180 seats at the middle school level.

Student generation rates were also updated by the County in 2019. The 2019 generation rates are more accurate since the location and housing type of virtually every MCPS student could be identified.

One elementary school that serves students living in the City, Farmland ES, continues to be shown in moratorium. This school serves the southern portion of the City east of I-270, included a portion of the Rockville Pike corridor. Capacity at the high school level in that cluster (Walter Johnson) is over capacity, with the projected capacity over 120%; however, the project to reopen the former Charles W. Woodward HS relieves that capacity.

School projections issued by Montgomery County Public Schools in late 2019 have shown potential capacity issues in the Richard Montgmery cluster at the high school level, and in the Walter Johnson HS cluster at both the high school and elementary school level, for the upcoming school year.

**Water and Sewer Standards**

Water and sewer service is delivered to Rockville by two providers: the City of Rockville and the Washington Suburban Sanitary Commission (WSSC). This portion of the report provides information for properties that receive water and sewer service from the City of Rockville.

Rockville withdraws water from the Potomac River, treats the water and delivers it to the Rockville city limits for customer consumption. There are three sewersheds in Rockville: Watts Branch, Cabin John and Rock Creek. Rockville collects wastewater from customers using Rockville’s sewer pipes and discharges the wastewater into WSSC sewer pipes, which in turn discharge into District of Columbia Water and Sewer Authority (DC Water) sewer pipes for treatment at DC Water’s Blue Plains Advanced Waste Water Treatment Facility (Blue Plains).

**Calendar Year 2019 Restrictions**

The following restrictions were identified for projects approved during calendar year 2019:

- Capacity to treat and supply water from the Rockville Water Treatment Plant: None
- Capacity of the water transmission system to provide adequate fire flow: None
- Capacity to treat wastewater at Blue Plains: None
- Capacity of the sanitary sewer collection system to transmit wastewater flow: None

**Cumulative Restrictions**

The following is a cumulative list of restrictions, which have not yet been mitigated, identified since Rockville adopted an APFO and began tracking water and sewer deficiencies. These restrictions may place limits on development if they are not mitigated through capacity upgrades.

**Water System**
No water system deficiencies were resolved in 2018 by developers and there are currently no identified water system deficiencies; however, fire flow capacity is evaluated for each proposed development so future development may require the mitigation of a water system deficiency that has not been identified.

**Wastewater System**

There are four (4) deficient areas with 15 identified sewer segments that have flow restrictions. These restrictions are a result of inadequate capacity of the existing sewer pipes to convey peak wastewater flow.

The Water and Wastewater deficiencies are shown in the map exhibit found on the following page. The exhibit also identifies when the deficiencies are expected to be mitigated based on the adopted fiscal year 2019 Capital Improvements Program.

There are two primary means to resolve the sewer capacity restrictions in Rockville: (1) capacity upgrades through Rockville’s Capital Improvement Program and (2) capacity upgrades by developers through permits issued by DPW. Capacity upgrades typically are accomplished by increasing the diameter of the sewer pipe, however alternate methods are considered when feasible. Rockville’s FY2020 Capital Improvement Program, adopted by the Mayor and Council in May of 2019, includes construction funding to resolve three (3) deficient areas: Lakewood, Atlantic Avenue and Lorraine Drive. The Lakewood deficiency area (containing four segments) is scheduled to be resolved in FY2020, the Atlantic Avenue deficiency (one segment) is scheduled to be resolved in FY2023 and the Lorraine Drive deficiency (containing six segments) is scheduled to be resolved in FY2024. New developments in these areas could not be connected to the system until the mitigation takes place.

Cumulative development approvals through December 31, 2018 require mitigating the Lakewood sewer restriction area. The mitigation of the Lakewood deficiency is planned to be completed through a combination of a City CIP project and developer funding.

There is one (1) deficient area with restrictions that are not programmed to be improved by a capital improvement project in the next five (5) years (FY20-FY24): Glenora.
Water and Wastewater System Restrictions Map

Note: System restrictions are included for the Rockville Water and Sewer Service area only, which is beyond the Washington Suburban Sanitary Commission (WSSC) service area, the green dashed line in the map below.

2019 Planning Commission Actions Map

Note: This map includes actions with a spatial location only, excluding zoning ordinance and general map amendments, for example.
PLANNING COMMISSION WORK PROGRAM FOR 2020

The Planning Commission’s work plan for 2020, in addition to considering development review applications and providing recommendations on zoning text and map amendments and special exceptions, comprises primarily of significant work on the citywide Comprehensive Master Plan update, Rockville 2040, which has been divided into two parts for the Planning Commission’s review. The Commission will provide feedback to staff on the staff draft of the planning area element of the Plan in early 2020, so that a Planning Commission draft may be released for public hearing. It is expected that the policy and planning area elements will be combined into a single Master Plan document for the Mayor and Council consideration in 2021.

Staff for the Commission also monitors Montgomery County plans adjacent to Rockville. Planning staff continues to track implementation of the Great Seneca Science Corridor plan, which abuts the northwestern boundary, as well as the White Flint I and White Flint II plans, which cover the area immediately south of the City and surrounding the White Flint metro station. In addition, staff monitors other County projects that will impact Rockville, such as the Bus Rapid Transit (BRT) planned for the Rockville Pike (MD 355) and Veirs Mill Road (MD 586) corridors.
APPENDIX A – EXCERPT FROM THE LAND USE ARTICLE (2017)

LAND USE
DIVISION I. SINGLE-JURISDICTION PLANNING AND ZONING.
TITLE 1. DEFINITIONS; GENERAL PROVISIONS.
SUBTITLE 2. GENERAL PROVISIONS.

§ 1-207. Annual report -- In general

(a) "Planning commission" defined. -- In this section, "planning commission" includes a planning commission or board established under:

(1) Title 2 of this article;

(2) Division II of this article; or

(3) Title 10 of the Local Government Article.

(b) Required. -- On or before July 1 of each year, a planning commission shall prepare, adopt, and file an annual report for the previous calendar year with the legislative body.

(c) Contents. -- The annual report shall:

(1) index and locate on a map any changes in development patterns that occurred during the period covered by the report, including:

   (i) land use;

   (ii) transportation;

   (iii) community facilities patterns;

   (iv) zoning map amendments; and

   (v) subdivision plats;

(2) state whether the changes under item (1) of this subsection are consistent with:

   (i) each other;

   (ii) the recommendations of the last annual report;

   (iii) the approved plans of the local jurisdiction;

   (iv) the approved plans of all adjoining local jurisdictions; and
(v) the approved plans of State and local jurisdictions that have responsibility for financing or constructing public improvements necessary to implement the local jurisdiction’s plan;

(3) contain statements and recommendations for improving the planning and development process within the local jurisdiction;

(4) state which local laws or regulations have been adopted or changed to implement the visions in § 1-201 of this subtitle as required under § 1-417 of this title or § 3-303 of this article;

(5) contain the measures and indicators required under § 1-208(c) of this subtitle; and

(6) at least once within the 5-year period after the adoption or review by the local jurisdiction of a comprehensive plan under Part II of Subtitle 4 of this title or under Title 3 of this article, contain a narrative on the implementation status of the comprehensive plan, including:

(i) a summary of the development trends contained in the previous annual reports filed during the period covered by the narrative;

(ii) the status of comprehensive plan implementation tools such as comprehensive rezoning to carry out the provisions of the comprehensive plan;

(iii) identification of any significant changes to existing programs, zoning ordinances, regulations, financing programs, or State requirements necessary to achieve the visions and goals of the comprehensive plan during the remaining planning timeframe;

(iv) identification of any State or federal laws, regulations, or requirements that have impeded local implementation of the comprehensive plan and recommendations to remove any impediments;

(v) future land use challenges and issues; and

(vi) a summary of any potential updates to the comprehensive plan.

(d) Review. -- The legislative body shall review the annual report and direct that any appropriate and necessary studies and other actions be undertaken to ensure the continuation of a viable planning and development process.

(e) Public availability. -- The local jurisdiction shall make the annual report available for public inspection.

(f) Department of Planning. --

(1) The local jurisdiction shall mail a copy of the report to the Secretary of Planning.

(2) The Department of Planning may comment on the report.

APPENDIX B – 2019 MEMBERS OF THE PLANNING COMMISSION

Anne Goodman
Address: 1109 Clagett Drive
Term: Appointed 2013, Reappointed 2018; Expires 2023
Personal: Retired, USDA and FDA
Education: Ph.D., Biomedical Science, University of Tennessee, Oak Ridge Graduate School
M.S., Microbiology, University of Georgia

Don Hadley
Address: 215 Harrison Street
Term: Appointed 2010, expired 2015
Personal: Attorney, Donald H. Hadley, LLC
Education: LL.B., George Washington University Law School
B.A., Political Science, George Washington University

Charles Littlefield
Address: 316 South Horners Lane
Term: Appointed 2013, reappointed 2018, expires 2023
Personal: Senior Pricing and Data Analyst, Plan International USA
Education: M.P.S., Applied Economics, University of Maryland, College Park
M.A., International Affairs, George Washington University
B.A., Geological Science, Northwestern University

Gail Sherman
Address: 803 Reserve Champion Drive, #401
Term: Appointed 2015, expires 2020
Personal: Retired, CDC, FDA and Parenteral Drug Association
Education: B.A., University of Maryland, College Park

John Tyner, II
Address: 5911 Halpine Road
Term: Appointed 2007, reappointed 2011 and 2016, expires 2021
Personal: President, Taliesan Associates
Education: Master of Public Administration, University of Southern California
B.A., History, Ashland University

Rev. Jane Wood
Address: 23 Martins Lane
Term: Appointed 2017, expires 2021
Personal: Pastor, Locust United Methodist Church
Education: M.A., Wesley Theological Seminary
B.S., University of Maryland University College
