Fatal Crashes/fatalities 'Fatal Crashes' is a count of the number of incidents where at least one fatality occurred as a result of a motor vehicle crash. 'Fatalities' is a count of the total number of persons killed in a motor vehicle crash (some fatal crashes involve more than one fatality). Fatal crash/fatality numbers as reported to the Maryland State Police (MSP) and summarized by the Maryland Department of Transportation's Highway Safety Office. Fatal crash data includes information about crashes still under investigation and is subject to change. Data excludes fatalities determined to be the result of a medical condition, suicide, homicide or non-traffic related causes determined by the MSP FARS analyst.

To: Traffic and Transportation Commission Members

From: Kathleen Kleinmann, Chair

Subject: Proposal for Commission Action between meetings

Date: February 22, 2022

The Commission meets monthly by schedule published in advance on the City of Rockville website in accordance with the Maryland Open Meetings Act. On rare occasion, the Commission has business that is time sensitive and cannot wait for the upcoming meeting date. The Chair requests guidelines to serve the Commission in the following proposed manner.

1. The Chair will assess the timeliness of issues important to the Commission for action. This is a routine function of the Chair.
2. If the Chair determines that an issue warrants action in advance of the meeting, the Chair will send out a written or verbal notice to all Commissioners and the Staff Support regarding the issue with a recommended course of action.
3. The Chair or Staff will poll the Commission members for support or lack of support for the recommended course of action.
4. If the Chair receives support for the action by a majority of Commission members supporting the action, the Chair will independently act on behalf of the Commission. This does not mean the Commission has taken action.
5. If a majority of the Commission members decline to support the recommended action, the Chair should take no action.
6. Any action considered under this process taken by the Chair on an interim action must be presented on the next agenda of the Commission and be voted on as a formal motion.
7. If the vote at the meeting fails, the Chair will issue a retraction regarding the action taken, if appropriate.
