

What do you want Rockville to be like in 2040?

The City of Rockville's 2002 Comprehensive Master Plan is guided by the following vision (Page 1-1 of the plan):

“Rockville will continue to be a city that emphasizes the characteristics of a small town community, offers an excellent quality of life, provides a responsive government serving its citizens, and has a distinct positive identity tied to its history.”

Table Exercise:

Do you believe this 2002 vision is still relevant?

If not, why not?

Please work with your table to reach a consensus.
