

October 30, 2018

Dear Customers:

As many of you know, work has been ongoing in preparation for the Locker Rooms and Lobby Renovation Project. We are happy to announce that on October 30, 2018 an Invitation for Bid was posted on the City of Rockville's website to solicit potential contractors for the project. Bid submissions are due on December 14, 2018. A link to the bid documents and architectural plans is available online at: www.rockvillemd.gov/bids.aspx. This project will involve a complete renovation and expansion of the locker room and lobby areas including accessibility improvements and modernization of amenities and infrastructure.

With the bids due in mid-December, the construction is expected to begin in late winter 2019 and is projected to last approximately twelve months. Although this project will incur short term inconveniences such as alternate / temporary locker room spaces and parking as well as possible alterations to our typical schedule, it is important to remain positive as the work to the facility is needed and welcomed to improve the Swim and Fitness Center. Please note that the construction schedule is tentative at this time. As more information is received from the selected contractor on construction timing and sequence of work we will be sure to communicate it with our customers.

We will continue to share information, including any facility access changes and updated program and operating schedules via the Swim and Fitness Center's Email Newsletter group (sign-up online at www.rockvillemd.gov/swimcenteralerts), and by notices posted at the facility and online. Thank you in advance for your continued support, patience and understanding as we work to improve experiences at the facility. Feel free to contact a member of the Swim and Fitness Center Management Team at swimcenter@rockvillemd.gov or 240-314-8750 with any questions.

Sincerely,

Adam Goldstein, Superintendent
Rockville Swim and Fitness Center
