

March 8, 2019

Dear Customers:

Please be advised that the service road leading to the indoor pool's filter room will be closed beginning Monday, March 18. The renovations contractor will be using this area to load their construction equipment.

Please note this will NOT effect:

- Main Parking Lot
- Facility Entrance
- Locker Rooms
- Facility and Program Schedules

This winter's initial phases of construction will have minimal impact on facility's operations. The majority of work to the existing lobby and locker rooms will be completed in the summer phase, between May and September. While we do plan to keep the indoor pools and fitness rooms open with minimal interruptions, **all customers should plan to enter the facility from the outdoor pool's entrance and use the outdoor pool's bathhouse between May and September 2019.**

Please review our renovations website at www.rockvillemd.gov/rsfrenovations. We will continue to share information via the Swim and Fitness Center's email group (sign-up online at www.rockvillemd.gov/swimcenteralerts), and by notices posted at the facility and online. Feel free to contact a member of the Swim and Fitness Center Management Team at swimcenter@rockvillemd.gov or 240-314-8750 with any questions.

Sincerely,

Adam Goldstein, Superintendent
Rockville Swim and Fitness Center
