## Police Crime Report

For the period of September 9, 2019 to September 15, 2019

### Weekly Public Safety and Crime Information

The Rockville City Police Department is focusing this week on ways residents can help protect themselves from Identity Theft.

- Be extremely cautious when someone asks for your private information. This includes information such as:
  - o Social Security Number
  - o Date of Birth
  - o Drivers License Numbers
  - o Credit Card Numbers
  - o Current and Past Addresses
  - o PIN Numbers associated with bank accounts
- Never provide personal information over the phone unless you initiated the phone call, such as a phone call to a credit card company you have made.
- Do not leave outgoing mail that contains things such as checks, paystubs, banking information, or paid bills in your mailbox for pick-up. Always use a secured US Post Office Drop-Box or Post Office.
- Limit the personal identification cards you carry in your wallet or purse. It is unwise to carry a social security number card in your wallet or purse unless there is a reason that you will need to provide it when going out.
- Use a shredder to dispose of all financial and personal identification documents. While they can be expensive, it is an investment to help protect you from the consequences of identity theft!
- Actively monitor your credit card and bank statements. Cancel all credit cards that are unused.
- Be careful when using your credit cards. Credit Card 'skimming' devices are devices built to fit around credit card readers while still making the machine look legitimate. Before swiping a credit card, firmly attempt to move the card reader to see if any part of the device is loose. If it is loose or parts can be removed, do not use the device!
- Never write down or share passwords or personal identification numbers. Memorize them.

You can order a copy of your credit report from each of the 3 major credit bureaus. Check with your credit card provider to see if this service is included with your card.
