

Rockville City Police Department

Police Crime Report

For the period of September 16, 2019 to September 22, 2019

Weekly Public Safety and Crime Information

The Rockville City Police Department would like to provide some Neighborhood Safety Tips for parents to help keep your family and neighborhood safe:

Know where your children are.

Have your children tell you or ask permission before leaving the house and give them a time to check in or be home. Have a phone number of where your child will be, should you need to reach them.

Get to know your children's friends.

Meet the parents before letting your children go to their home and keep a list of the parents' phone numbers. If you cannot personally meet the parents, then call and talk to them.

Help children learn important phone numbers.

Have your children memorize their home phone number and address; your work and cell phone numbers. If your child has trouble memorizing these, then write them down on a card and have them carry it at all times. Always tell your children where you will be, and which is the best way for them to reach you.

Set limits on where your children can go in your neighborhood.

Are there certain homes in the neighborhood you do not want your children to go to? Do you want them to cross busy roads? Are they allowed to play in vacant buildings or alleys?

Choose and discuss safe locations in your neighborhood.

Point out places they can go for help, like stores, libraries and police stations.

Teach your children not to talk to strangers.

Children should be taught not to talk to, accept gifts, or accept rides from strangers. Tell them that if they see a suspicious person, they should tell a trusted adult immediately.

Work together with your neighbors.

Watch out for suspicious and unusual behavior in your neighborhood. Get to know your neighbors and their children. Call police immediately if you see anything suspicious.
