POLICE CRIME REPORT
March 9, 2020 to March 15, 2020

COVID-19 - Corona Virus Information

The Rockville City Police Department would like to keep residents informed about the ongoing coronavirus outbreak and ways to help prevent the spread of the virus. The two ways you can do your part to help stop the spread of the virus are to protect yourself and protect others.

Protecting Yourself

- **Wash your hands** often with soap and water for at least 20 seconds especially after you have been in a public place, or after blowing your nose, coughing, or sneezing.
- If soap and water are not readily available, **use a hand sanitizer that contains at least 60% alcohol**. Cover all surfaces of your hands and rub them together until they feel dry.
- **Avoid touching your eyes, nose, and mouth** with unwashed hands.
- **Avoid close contact** with people who are sick
- Put **distance between yourself and other people** if COVID-19 is spreading in your community.
- **ONLY WEAR A FACEMASK IF YOU ARE SICK** – There is a nationwide shortage of masks that are desperately needed by medical professionals and caregivers. You should wear a facemask when you are around other people (e.g., sharing a room or vehicle) and before you enter a healthcare provider's office. If you are not able to wear a facemask (for example, because it causes trouble breathing), then you should do your best to cover your coughs and sneezes, and people who are caring for you should wear a facemask if they enter your room.

Protecting Others

- **Stay home** if you are sick, **except to get medical care**. An important part to limiting the spread of the virus is to do your part to prevent spreading it through social distancing and keeping 6 feet between you and another person, this is the most effective route.
- **Cover your mouth and nose** with a tissue when you cough or sneeze or use the inside of your elbow.
- **Throw used tissues** in the trash.
- **ONLY WEAR A FACEMASK IF YOU ARE SICK -** You do not need to wear a facemask unless you are caring for someone who is sick (and they are not able to wear a facemask). Facemasks may be in short supply and they should be saved for caregivers. Do your best to cover your coughs and sneezes if you are not caring for someone who is sick.
