# POLICE CRIME REPORT

## **BE SAFE IF YOU'RE STRANDED IN COLD WEATHER**

---

The recent Interstate 95 traffic jam shows us the need to stay safe if we get stranded in cold weather this winter. If you find yourself stranded in your car:

**Signal rescuers:** tie a brightly colored cloth to your car's exterior and raise its hood

**Wrap your entire body,** including your head, in extra clothing, blankets, or newspapers.

**Keep moving your arms and legs** as you sit, and **huddle with other people** for warmth.

**Stay awake,** as sleep may render you vulnerable to cold-related health problems.

**Run the motor (and heater) for about 10 minutes per hour,** opening one window slightly to let in air.

**Make sure that snow is not blocking the exhaust pipe** to reduce the risk of carbon monoxide poisoning.

**Do not eat snow,** as it will lower your body temperature.
