

INVENTORY OF DESIGNATED HISTORIC DISTRICTS

Updated 2/11/2022

INTRODUCTION:

The following inventory lists all properties that have received recognition as being historic resources by the City of Rockville and/or through the National Register of Historic Places, as of the date of this publication. Most of these historic resources fall into both categories. This Inventory is posted on the City's website at <https://www.rockvillemd.gov/2177/Historic-Districts> and is updated as additional properties are added.

The largest category are those properties that Rockville's Mayor and Council have locally designated as historic. Most are part of a multi-property historic district and are listed under the heading of that larger district. Some properties, however, were designated as individual sites and are listed as such in the beginning of the inventory, as "Individual Locally Designated Historic Properties."

The inventory identifies, with an asterisk (*), all locally designated properties in Rockville that are also listed in the National Register of Historic Places. When a locally designated multi-property district is also listed in the National Register, the header title includes the asterisk rather than placing an asterisk next to every property.

There are some properties listed in the National Register of Historic Places that are not locally designated. They are listed in a category entitled "National Register Listings (not locally designated)." In addition, the Rockville Park National Register Historic District includes some properties that are locally designated and others that are not. Those in that category that are locally designated are identified with a pound sign "#".

The Maryland Inventory of Historic Properties (MIHP) is a source for additional information on districts, sites, buildings, structures, and objects of known or potential value to the prehistory and history of the State of Maryland. This Rockville inventory provides the MIHP number that provides access to this information. Go to <https://mht.maryland.gov/mihp/MIHP.aspx?Search=MIHPNo&MIHPNo=M:%2026-13-12> and enter the entire MIHP number (for example, "M: 26-13-12", "M: 26-10-80", M: 26-11-02) in the search box. Please note that MIHP's current search engine requires that the inventory number be entered in a precise format with a space coming after the "M:" and a dash coming (-) between the series of numbers.

For more information, please contact the Department of Planning and Development Services, at pds@rockvillemd.gov or 240-314-8200.

INVENTORY OF DESIGNATED HISTORIC DISTRICTS

Updated 2/11/2022

| Individual Locally Designated Historic Properties | Address | MIHP No. | Year Designated | Type |
