I hereby certify that I have the authority to make the foregoing application, that the application is correct, and that the construction shall conform to the Rockville City Code, and all other codes and regulations or private building restrictions, if any, which may be imposed on the above property by deed. The granting of a permit does not presume to give authority to violate or cancel the provisions of any other state or local law regulating construction or the performance of construction. I have read and understand the Permit Conditions available from the Inspection Services Division.

Business Name: _____

Master's Plumbers Name: _____ Phone # _____

Address: _____ City License #: _____

Master's Signature: _____ ORIGINAL SIGNATURE REQUIRED _____ Date: _____

FEES ARE NON-REFUNDABLE

- All persons who perform taps on City property must hold a WSSC tap license: A separate permit must be obtained from the City of Rockville Public Works Department for all work within the City of Rockville right-of-way.
- A water and sewer location card must be completed and provided to the plumbing inspector at the time of inspection for all new and replacement water services and sewer lines.
- Homeowners are prohibited from installing water or sewer laterals, and meter settings.
- The Master Plumber listed on the permit application, or authorized representative of the Master Plumber, must install all meters.
- Permit will expire 6 months after issuance if no inspections have been made and the work covered by the issued permit has not started. Request for permit extensions must be made prior to the permit expiration date indicated on your permit. Expired permits cannot be re activated.
- No work is to be covered or otherwise concealed without inspection.
