POLICE CRIME REPORT

REMAIN SAFE IN A CARJACKING

While they remain very uncommon in Rockville, carjacking robberies have risen in frequency regionally. Knowing what to do in these rare situations can keep you unharmed:

Remain vigilant at ATMs, gas stations, commercial parking lots, and anywhere cars may slow down or stop. Carjackings are generally more common in these locations.

Always keep your doors locked and windows closed or at least mostly closed.

Never assist a stranger on the side of the road. Instead, consider calling them help on your cell phone at a distance.

Park in well-lit areas and away from areas that may conceal someone.

Keep your valuables out-of-view, in your trunk, or in a locked compartment.

If a carjacker threatens you with a weapon, surrender your vehicle, leave the area, and call 9-1-1 immediately. Your car is important, but your life is worth more.
