WHY WE HELP

Giving Helps Our Neighbors in Need.

While many Rockville residents enjoy a high standard of living, there are still pockets of need throughout the city. The income of more than 5,000 Rockville households is less than half of the city's median income. More than 4,600 city residents experience chronic food insecurity and 1 in 16 children live in poverty, with 3,100 students in Rockville schools qualifying for free and reduced-price meals.

The Holiday Drive helps many of these children and families have a happier holiday season.

Giving Sets a Good Example for Others.

When you volunteer or donate, your friends, family and neighbors may be inspired to do the same. Giving also sets a great example for children, promoting empathy and providing an opportunity to teach them about, and involve them in, community service.

Giving Connects You to Your Community.

Volunteers with the Rockville Holiday Drive meet other volunteers and city staff. Volunteers deliver to recipients in Rockville neighborhoods they might not otherwise visit.

Department of Housing and Community
Development Has a Wide Array of Programs
and Services

MPDU Rental Program — Rental and
Homeownership Programs

The Moderately Priced Dwelling Unit program requires that a percentage of all new residential development be set aside as moderately priced dwelling units. The program has generated about 900 rental units and 420 homeownership units throughout the city since 1990.

Rockville Emergency Assistance Program

Emergency assistance is available for Rockville residents who are experiencing financial crisis, eviction, or utility shut-off, suffering from a natural disaster, or need a referral to food and medical resources.

Program applicants will have resources contact notes for failure to pay rent or utility disconnect notice. This program is the last resort to avert eviction or utility shut-off. Residents seeking emergency financial assistance must first have applied to the Montgomery County Department of Health and Human Services, Services to End and Prevent Homelessness unit, for a written referral to be provided to the City of Rockville.

CDBG — Multifamily and Single-Family/
Owner-Occupied Rehabilitation

Each year, Rockville receives federal Community Development Block Grant funds through a cooperative agreement with Montgomery County. CDBG funds must be used for housing and community development projects that primarily benefit low- and moderate-income people or neighborhoods. The city receives about \$260,000 in CDBG funding annually and funds two programs — multifamily and single-family rehabilitation. These programs seek to correct code deficiencies rather than make other property improvements.

Landlord-Tenant Affairs

The city’s landlord-tenant service informs the public of the general rights and responsibilities of tenants and landlords and helps resolve disputes amicably for the greater good without having to go through the District Court process. The service aims to provide residents and landlords as much information as possible to help navigate landlord-tenant relationships as efficiently as possible.

Latino Youth Development Program

The Latino Youth Development Program seeks to engage middle- and high-school-age Latinos in the academic process by combining personal relationships and sports with weekly mentoring that emphasizes individual responsibility in both school and extracurricular activities. Discussions at the mentoring sessions reinforce healthy behaviors while raising awareness of the consequences of substance abuse, teen pregnancy, school suspension and dropout. Program staff facilitate speakers to discuss topics such as alcohol and substance abuse, teen bullying, career orientation, nutrition, and financial and coping skills. The outreach worker also assists participants to access other services for food, child care, health care, help navigating the county school system and other services. Participating youth qualify for free and reduced-price meals.

Mentoring

In partnership with local elementary schools, the city’s mentoring program coordinates volunteers from students in kindergarten through fifth grade. The volunteer mentor meets with the assigned child at the school for one hour each week to work on study

skills, play educational games and, most importantly, share a caring relationship. Programs are available at the following schools: Twinbrook, Meadow Hall, Beall and College Gardens.

Summer Enrichment Program

The Summer Enrichment program seeks to address the academic-retention loss that occurs during the summer months. The program supports strengthening and affirming life skills and helps students reach academic expectations in school. It focuses on educational foundations while having fun.

The Summer Enrichment program is available through the same participating schools as the mentoring program.

Linkages to Learning

The Linkages to Learning Program is a collaborative effort between Montgomery County Public Schools, the Montgomery County Department of Health and Human Services, and local community partners to provide social and mental health services to low-income elementary and middle school children. The program’s broad mission is to provide school-based wraparound services that improve the well-being of children and their families by addressing the social, economic, health and emotional issues that act as barriers to the success of students and their families. Services are available to students and their families at Twinbrook, Beall and Maryvale elementary schools.

Parent Education

In partnership with area providers, the city offers parent-education classes. This series emphasizes the prevention of harsh physical discipline and child abuse through education in child development, realistic expectation-setting and positive parenting.

Counseling Services

The city’s licensed counseling staff provide counseling services to young people and their families in need of early-intervention mental health treatment. The Community Services Division offers formal counseling, which involves short-term meetings with a staff member for a specified period, and informal counseling, where youth can drop by informally to speak with the counselor. City staff work with families to address a variety of complex issues through coordination with other local agencies and programs.

Financial Empowerment Program

The city offers financial literacy and life-skills coaching to low- and moderate-income Rockville students and residents to expand educational needs across age demographics. The program is consistent with other local jurisdictions and supplements Montgomery County Services to End and Prevent Homelessness programs and Montgomery County Public Schools curriculum.

Supportive Services

Educational seminars are available for city residents on financial and housing issues, including money management and locating affordable housing.

Information and Referral

The city helps locate resources that provide financial assistance, housing and temporary shelter, emergency food, child care, treatment for drug and alcohol abuse, health care and other services. Intake appointments available by request.
