The City of Rockville has undertaken to establish this Animal Ordinance to protect the public health and safety of its citizens and to promote the general welfare of the citizens and animals residing within the City. Animal ownership is encouraged and welcomed within this City; however, strong emphasis is placed on responsible ownership of animals. Animal owners are encouraged to respect the rights of their fellow citizens and also those of their animals. Primary responsibility is placed upon animal owners to properly train and/or secure their animals so as to prevent them from causing injuries and/or creating nuisances.

Sec. 3-2. Scope.

This chapter includes provisions relating to the licensing of dogs, cats, and ferrets; the keeping and caring of animals; animal cruelty; rabies control; impoundment of animals; the regulation of potentially dangerous and dangerous animals; and enforcement of said provisions. It does not include provisions for the regulation and licensing of pet shops and kennels. Any person aware of a violation of any of the provisions of this chapter may lodge a complaint either orally or in writing, with the Neighborhood Services Division, which shall investigate the complaint.

Sec. 3-112. Notice of violation.

(a) The Neighborhood Services Division shall issue a notice of violation where there are reasonable grounds to believe that a violation of this chapter has occurred. Such reasonable grounds may consist of the affidavit of a witness to the violation which shall be attached to the notice of violation.

(b) The notice of violation shall be served upon the Respondent defined in section 3-4 in the manner set forth in section 3-114 of this chapter.

(c) The notice of violation shall set forth the specifics of the violation and any administrative fine and/or administrative sanctions that may be imposed, and any rights to appeal the notice of violation.

(d) If a hearing before the Animal Review Official is required, the notice of violation shall set forth the date, time, and place of the hearing and the right of the Respondent to present evidence on the matter. A notice of the hearing shall also be served upon any complaining witness.

Sec. 3-113. Petition.

(a) Any person or persons having reason to believe that a violation of this chapter has occurred may file a petition with the Division charging a violation of this chapter.

(b) The petition shall be on a form provided by the City and shall contain the name and address of the respondent(s), pertinent information relating to the alleged violation(s) (including the date and location of the alleged violations), a description of the animal(s) in question, and shall be signed by at least one witness to the violation(s).

(c) Upon receipt of the petition, the Division shall serve a copy of the petition upon the respondent in the manner set forth in section 3-114 of this chapter.

(d) Except as provided in subsection (e) of this section, all petitions shall be referred to the Animal Matters Board for mediation.

(e) The Animal Review Official shall conduct a hearing and render a decision on the following petitions:

- (1) Petitions alleging the existence of a dangerous or potentially dangerous animal;
- (2) Petitions which the Animal Matters Board is unable to resolve through mediation;
- (3) Petitions involving issues of public health or safety which the Chief of Police determines are not suitable for mediation.

Sec. 3-114. Service of documents.

(a) Service of all notices of violations, petitions, notices of hearings, notices of mediation sessions, and orders shall be made on the person charged with a violation of this chapter by sending the document by regular mail to the last known address of the person and:

- (1) by personal delivery to the person named; or
- (2) by either posting a copy of the document at the last known address of the person named or leaving a copy of the document with an individual of suitable age and discretion at the dwelling or place of business of the person.

Service shall be considered made upon the date personal service is made or three (3) days after the date of mailing, whichever occurs first.

(b) If receipt of the document is not indicated by the signature of the person charged with the violation, an affidavit of service stating the manner and date of service shall be placed in the file on the matter maintained by the Division. In all cases, the date of mailing shall be noted in the file.

(c) Other interested parties, including petitioners and complaining witnesses, shall be served with notice of hearings and mediation sessions and copies of decisions and orders by regular mail and/or by personal delivery to the person's last known address.

Sec. 3-115. Hearings.

(a) The Division shall schedule at least two (2) days per month for hearings by the Animal Review Official. Hearings shall be scheduled following either the issuance of a notice of violation that requires a hearing, or the filing of an appeal from a notice of a first violation, or the filing of a petition to be heard by the Official. Provided that, unless otherwise consented to by the person charged, no hearing shall be held less than five (5) days from the date the notice of hearing is served upon the person charged with a violation. For good cause shown, the Official may set such other time for the hearing as may be deemed necessary and appropriate.

(b) Notices of all hearings shall be served upon all parties in accordance with the provisions of section 3-114.

(c) All hearings conducted by the Animal Review Official shall be fact-finding hearings at which evidence and sworn testimony shall be received. The Animal Review Official shall have the power to summon the attendance of witnesses and the production of documents and information the official deems necessary. The rules of evidence shall generally, although not strictly, apply. Hearsay evidence may be considered for whatever weight it merits. Due process shall be afforded all parties. Hearings shall be recorded and a record of all evidence shall be made and maintained.

(d) All hearings held pursuant to this chapter shall be open to the public and notice of hearings shall be posted at City Hall. Any interested party may appear and give relevant testimony at any hearing.

Sec. 3-116. Decisions.

(a) All decisions by the Animal Review Official shall be issued in writing within five (5) days or as soon thereafter as possible and shall contain specific findings of fact and conclusions of law.

(b) If a finding of a violation of this chapter is made, the decision may include an order imposing the appropriate administrative fine set by the Mayor and Council and/or imposing administrative sanctions or requirements deemed appropriate to eliminate the violation and prevent its recurrence, pursuant to section 3-121.

(c) Copies of all decisions and orders shall be served upon all parties in accordance with the provisions of section 3-114.

(d) For purposes of appeal, the date of any decision or order shall be the date of the written decision or order.

Sec. 3-117. Mediation.

(a) The Division shall schedule two (2) days per month for mediation sessions by the Animal Matters Board on those matters referred to it pursuant to this Chapter. Upon the filing of a petition or an appeal from a notice of a first violation, mediation shall be set for the next scheduled mediation session, provided that, unless otherwise consented to by the person charged, no mediation shall be held less than five (5) days from the date the notice of the mediation is served upon the person charged. For good cause shown, the Board may set mediation for such other time as may be deemed necessary and appropriate.

(b) Mediation sessions are not fact-finding hearings. They are informal meetings at which respondents are counseled as to responsible pet ownership and various solutions to animal-related problems are explored.

(c) Mediation sessions need not be recorded, although minutes of the sessions shall be made and maintained.

(d) All mediation sessions held pursuant to this chapter shall be open to the public and notice of the sessions shall be posted at City Hall. Any interested party may appear and give relevant information at any mediation session.

(e) The Board shall recommend various measures reasonably designed to eliminate any violation of this chapter and prevent its recurrence. Recommended solutions to first violations shall be incorporated in an agreement in accordance with the provisions of section 3-118(d) of this chapter. In the case of petitions, if the recommended actions of the Board are acceptable to the petitioners and the Respondent, said recommendations shall be incorporated into a written agreement between the parties.

(f) Failure to comply with any mediated agreement shall constitute a violation of this chapter for which a notice of violation shall be issued directing the Respondent to appear at a hearing before the Animal Review Official. At any such hearing the Animal Review Official shall consider and decide both the charge of failing to comply with the mediated agreement plus the underlying charge(s) on which the original notice of first violation or the petition was based.

(g) It is a violation of this chapter for a Respondent to fail to appear at a scheduled meditation session. A notice of violation for such failure shall be issued directing the Respondent to appear at a hearing before the Animal Review Official. At such hearing the Animal Review Official shall consider and decide both the charge of failing to appear at the mediation session plus the underlying charge(s) on which the original notice of first violation or petition was based.

Sec. 3-118. First violation.

(a) Except as provided for in subsection (f) of this section, when reasonable grounds exist to believe that a first violation of any provision of this chapter, has occurred, the Division shall issue a notice of first violation imposing an administrative fine in the amount set by resolution of the Mayor and Council. The notice shall state that within ten (10) business days of the date of the notice either the fine shall be paid at the cashier's office in City Hall or an appeal from the notice shall be filed with the Division.

(b) Payment of the fine imposed shall constitute an admission that a violation occurred, and the acts alleged shall be deemed to be a first violation.

(c) Failure to either pay the fine or note an appeal from the notice of violation is a violation of this Chapter, for which a notice of violation shall be issued directing the Respondent to appear at a hearing before the Animal Review Official. At such hearing the Animal Review Official shall consider and decide both the charge of failing to pay or appeal plus the underlying charge(s) contained in the original notice of first violation.

(d) Upon receipt of any appeal from a notice of first violation, the Division shall refer the matter to the Animal Matters Board for mediation. If the actions and measures recommended by the Board are agreed to by the respondent, they shall be incorporated into a written agreement between the respondent and the City. The agreement may provide for the waiver of all or part of the fine for the violation.

(e) If the respondent does not agree to the corrective actions and measures recommended by the Animal Matters Board, a hearing shall be held by the Animal Review Official on the notice of violation charging a first violation.

(f) A notice of first violation charging any of the following violations shall direct that the Respondent appear before the Animal Review Official and are not subject to mediation or the payment of a fine prior to the hearing:

(1) Violations of any provision relating to dangerous animals or potentially dangerous animals;

(2) Failure to either pay any fine imposed by a notice of first violation or appealing said notice, in violation of § 3-118(c) and § 3-124.

(3) Failure to comply with the terms of any agreement mediated in violation of § 3-117(f) and § 3-124.

(4) Failure to appear at a scheduled mediation session as provided for in § 3-117(g).

(5) Failure to comply with an order of the Animal Review Official in violation of § 3-124(a)(1).

Sec. 3-119. Subsequent violations.

(a) Except as provided for in subsection (b) of this section, where reasonable grounds exist for believing that a repeat violation of the same provision, or the fourth violation of any provision, of this chapter has occurred within a twelve (12) month period, the Neighborhood Services Division

shall issue a notice of a violation directing the Respondent to appear at a hearing before the Animal Review Official.

(b) A notice of violation issued for a second violation of the same animal nuisance provisions contained in section 3-21 (1), (4), (6), (7), (8), (9) or (10) shall impose an administrative fine in the amount set by resolution of the Mayor and Council, which fine may be paid within ten (10) business days of the date of the notice in lieu of a hearing before the Animal Review Official.

(1) Payment of the fine imposed shall constitute an admission that a violation occurred, and the acts alleged shall be deemed to be a second violation.

(2) If the fine is not timely paid, the respondent must appear at the scheduled hearing before the Animal Review Official.

(c) If, following a hearing on either a notice of violation or a petition pursuant to subsection 23-113(e)(2), the Animal Review Official determines that a second violation of the same provision has occurred, said official shall issue an order so declaring and imposing the appropriate administrative fine along with those administrative sanctions and restrictions deemed necessary to eliminate the violation and prevent its recurrence or to protect the public health and safety.

(d) If, following a hearing on a notice of violation or on a petition pursuant to subsection 3-113(e)(2), the Animal Review Official determines that a third violation of the same provision, or a fourth violation of any provision of this chapter has occurred, said Official shall issue an order imposing the applicable fine set by the Mayor and Council, shall revoke any license issued for the animal(s) in question, and unless good cause to the contrary is shown, shall order the animal(s) in question permanently removed from the City.

Sec. 3-120. Dangerous or potentially dangerous animal(s).

(a) This section applies to dangerous and potentially dangerous animals, notwithstanding any other provision of this chapter to the contrary.

(b) If a police officer or Neighborhood Services Officer has reasonable grounds to believe that there exists a dangerous or potentially dangerous animal, said officer shall issue a notice of violation so charging. The notice of violation shall direct the owner of the animal(s) in question to appear at a hearing before the Animal Review Official.

(c) If the Neighborhood Services Division receives a complaint(s) that an animal is dangerous or potentially dangerous but an investigation of the complaint(s) does not reveal sufficient evidence to warrant the issuance of a notice of violation, the Division shall advise the complainant(s) of their rights of petition under section 3-113.

(d) Notice of violations and petitions alleging the existence of a dangerous or potentially dangerous animal(s) shall be heard and decided by the Animal Review Official.

(e) Where an animal is found to be potentially dangerous, the Animal Review Official shall issue an order so declaring and imposing the appropriate administrative fine and sanctions. In addition, animals declared to be potentially dangerous shall be subject to the restrictions, conditions, and limitations set forth in sections 3-61 and 3-62 of this chapter, which restrictions, conditions, and limitations shall be deemed to be incorporated into the order of the Animal Review Official.

(f) Where an animal is found to be dangerous, the Animal Review Official shall issue an order so declaring and shall order the animal destroyed in accordance with the provision of section 3-72(a) of this chapter. The appropriate administrative fine shall also be imposed.
